

# Static welfare unit upgrade & refurbishment service.

EasyCabin can take delivery of your old/used static welfare units and install our award winning power management systems.

Our systems will reduce running costs, emissions, noise pollution and ensure your units are easy to use and maintain.

Our 'Air' diesel heating system will further reduce running costs and increase warmth.

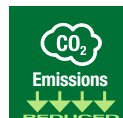

We can also strip out and refurbish the interiors with new insulated panels, new kitchens, toilets, seating and reconfigure the existing layout if necessary.

Further upgrade your units with the addition of solar panels, air conditioning and security lighting to name just a few.

Please get in touch to discuss your needs.

**Efficient hybrid power systems.**

## Systems upgrades & optional extras

### Eco smart

Intelligent power management.  
Ensures minimum use  
of the generator.

### 'Air'

Energy efficient diesel heating  
system. Increased fuel economy  
for the same heating time.

### Auto smart

Just add fuel. Energy efficient  
fully automatic start/stop  
operation, just add fuel.

### Solar

Reduce generator time and  
lower emissions with roof  
mounted solar panels.

### Eye Site

Integrated CCTV security system.  
Telescopic roof mounted 360°  
cameras with control room.

### Silent Site

Quiet night time oper-  
ation. For a peaceful,  
greener environment.

### Nightlight

Cabin roof mounted lighting  
system, for enhanced  
security.

### Cool

Keep cool in hot weather  
with an integrated air  
conditioning system.

### Coms

Integrated 4g router / wifi access.  
Perfect for office units working in  
remote locations.

### Entertainment

Smart TV,  
Bluetooth speaker  
system.

### Tracker

Remote telemetry system.  
Collect important data and keep  
track of your unit location.
